SUMMARY OF INFORMATION

The target does not appear to have contraband aboard. I did have the perception that it has on occasion carried illegal contraband -- but I was not able to detect any on this voyage. The current location of the vessel is 17 07' N / 64 09' W. The vessel is sailing on a heading of 230' and is destined to take port at (Puerto Estrella) location, 12 03' N / 71 01' W.

I had the perception that there were intelligence sources watching this vessel and conditions surrounding it. If there was a minimal risk then the vessel would be loaded with illegal contraband -- if the risk was not diminished then vessel would not be loaded.
